

Charles Neil Goldader

Software & QA Engineer // [Github.com/avatarneil](https://github.com/avatarneil)

EDUCATION

Boston University, Boston MA — Computer Science BA

Sept 2018 - May 2021

University of Massachusetts Boston, Boston MA — 25 credits towards Computer Science & Mathematics BS with Honors

Sept 2017 - May 2018 GPA: 3.92 (Dean's List)

Friends' Central School, Wynnewood PA — 2017

GPA: 4.3 (W)

EXPERIENCE

Zipcar, Boston MA — Quality Assurance Engineering Co-op

Spring 2018

- Work with the Zipcar Telematics team to test production software, firmware and hardware in an Agile Sprint development environment.
- Utilize and expand automated tests for Zipcar's hosted applications.
- Help shape QE processes for the Software Engineering team.

Gravic Inc., Malvern PA — Shadowbase Product Group Intern

Spring/Summer 2017

Working in a corporate environment for almost half a year, I developed multiple versions of a Gravic Shadowbase Configuration Tool in C#, and an Electron development environment (HTML, CSS, JavaScript, Node.js, Electron, etc...) My internship concluded with a presentation that went over the product I developed during my time at the company, the Gravic Shadowbase SQL Manager 2017.

Friends' Central School Camp, Wynnewood PA — Computers Head Counselor

2016

Spearheading the deployment of iPads into Camp curriculum, as well as creating entirely new curriculum for the older students.

Self-Employed, Wynnewood PA — Processing Tutor

2015-2016

Tutoring Middle School students 1:1 in basic Processing (modified branch of Java developed at MIT). We covered the entire High School Processing curriculum, which is approximately equivalent to a semester of coursework.

66 Beach Point Place Apt 701
Boston, MA 02125
